Hangars & Tiedowns at the Fullerton Airport

FAQs

What is the lease term on a hangar or tiedown?

All space leases are month to month.

Do you have covered tiedowns?

No. Covered tiedowns are not available at KFUL.

Are utilities included?

Electricity is included. Running water is not available except at aircraft wash racks. Community restrooms are located within close proximity to all hangars.

Do I have to have an airplane to rent a hangar?

Yes. You must have an airworthy and flyable aircraft housed in the hangar. You may store incidental items in the hangar along with your aircraft if approved by airport management.

Do hangars include office space?

Generally no.

Can I perform maintenance on my aircraft in the hangar?

It is recommended that the provided designated maintenance areas be used, although light maintenance in the hangar is permitted assuming fire safety codes are not being violated.

How late can I access my hangar or tiedown?

All tenants have 24 hour access to the airfield, hangars and tiedowns.

Can I park my car outside my hangar?

It is permissible to temporarily park your vehicle outside the hangar provided neighboring aircraft are easily and freely able to maneuver through all pathways.

I'd like to share a hangar with a friend. Is this allowed?

Yes, provided both tenants are registered owners of the aircraft and both names are on the lease agreement.

What about taxes?

Per the County of Orange, if it flies, it may be subject to property tax. Additionally, If you rent or lease a tie down or hangar from a city, you may receive a possessory interest tax assessment. These are County taxes and are not affiliated with the City of Fullerton or the Fullerton Airport. For more information, please contact the office of the Orange County Assessor.
