Halloween Fun this Weekend!

With Halloween this weekend and people wanting to carry on with fun traditions, the question arises of how will Halloween and Día de los Muertos be handled in 2020? All that we ask is that you do it safely! The Centers for Disease Control (CD) has issued guidelines ([here](#)) as a means to help everyone have a safe and fun time that reduces the risk for exposure to COVID-19. So have fun, and be safe!

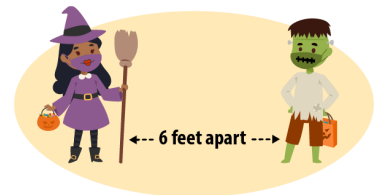

Make trick-or-treating safer through the following precautions:

- Avoid direct contact with trick-or-treaters
- Give out treats outdoors, if possible
- Wear a face covering
- Set up a station with individually bagged treats for kids to take
- Wash hands before handling treats.

Even better, make your cloth mask part of your costume! Please remember, a costume mask is not a substitute for a cloth mask and do NOT wear a costume mask over a cloth mask as it can make breathing more difficult.

Masks should NOT be worn by children under the age of 2 or anyone who has trouble breathing.

DID YOU KNOW...

Early Fullerton History

Beginning in 1946, Fullerton College began an unusual building trades program, unique to the city. The residential projects provided students with a chance to learn all aspects of construction, while also offering affordable homes to lucky members of the community. Many were auctioned and moved out of the city, but one example still sits at 141 N. Cornell.
